Dr. Robert Gates
Acting Director of Central Intelligence
Washington, DC 20505

Dear Dr. Gates:

In behalf of the membership of the Potomac Chapter, NMIA, I wish to express our gratitude for your presentation to our luncheon meeting on January 15, 1987.

Your discussion of the subject of Soviet SDI was extremely well received by the membership. Many highly complimentary remarks were made by those present on both the manner and substance of the delivery of your remarks. Moreover, your willingness to appear at the NMIA meeting in the light of your especially busy schedule was recognized by all as an extraordinary effort in our behalf. That attendance was about double what we normally have at the monthly luncheons is testimony to this recognition.

Dr. Gates, we are most grateful for your excellent presentation to the Potomac Chapter, NMIA.

Sincerely,

Arthur Andraitis
President
Potomac Chapter, NMIA
